On May 10, 2011, the Board of Licensure for Professional Engineers and Professional Surveyors (hereinafter “the Board”) held an administrative hearing to consider the whether Robert Fureigh (“Fureigh”) or FAA Consultants, LLC (“FAA”) was in violation of the Engineering laws or rules of the Board. Finding proper notice had been given, and after considering all evidence presented, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

2. Fureigh did not renew for the 2001 licensure cycle, so his license lapsed after December 31, 2000.

7. On June 20, 2010, on his Facebook page, Fureigh represents himself as "Robert Fureigh, P.E." using the title of "Managing Principal" of FAA Consultants, LLC.

8. On August 31, 2010, Fureigh sent an e-mail message to the North Little Rock City Attorney's office wherein he represented himself as "Robert Fureigh, P.E." using the title of "Managing Principal" of FAA Consultants, LLC.

9. On December 16, 2010, Fureigh represented himself to the North Little Rock Airport Commission as "Robert Fureigh, P.E." using a business card in the name of FAA Consultants, LLC, and denoting himself as "Managing Principal" of that firm.

CONCLUSIONS OF LAW

10. The conduct of the Respondent Fureigh, as outlined in the Findings of Fact above, constitutes five counts of practicing or offering to practice engineering without licensure by the Board, in violation of Arkansas Code Annotated §17-30-102(b).

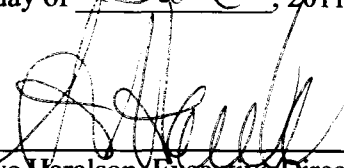

11. The conduct of Respondent FAA, as outlined in the Findings of Fact above, constitutes three counts of practicing or offering to practice engineering for others without a valid certificate of authorization in violation of Ark. Code Ann. §17-30-303.

ORDER

Based on these Findings and Conclusions, Respondent Robert Fureigh shall pay to the Board a civil penalty of \$15,000 for the violations described in the Conclusions of Law above.
