BEFORE THE ARKANSAS BOARD OF LICENSURE FOR  
PROFESSIONAL ENGINEERS AND PROFESSIONAL SURVEYORS

Case #2009-21, in the matter of David Mauck:

COMPLAINT

The Arkansas Board of Licensure for Professional Engineers and Professional Surveyors (hereinafter "the Board") registered a complaint on June 9, 2009, charging David Conrad Mauck (non-licensee, hereinafter "Mauck") with unlicensed practice of engineering in another jurisdiction, in violation of Arkansas Code Annotated §17-30-102(b).

FINDINGS OF FACT

1. Mauck applied for Professional Engineer licensure in Oklahoma. On the application, he admitted to providing preliminary documents to his client before the license was issued.
2. The Oklahoma Board brought a disciplinary action against Mauck, and Mauck settled with the Oklahoma Board for \$1,000.
3. Arkansas Code Annotated §17-30-305(a)(5) provides the Board may discipline any registrant found in violation in another jurisdiction, if that violation would also be a violation in Arkansas.

CONCLUSIONS OF LAW

Upon review of the evidence in its possession, the Board finds Mauck's actions as described in the Findings of Fact do not warrant further action by the Arkansas Board of Licensure for Professional Engineers and Professional Surveyors.

ORDER

Based on these findings, the complaint against Mauck is dismissed without further action by the Board.
