

**BEFORE THE ARKANSAS BOARD OF REGISTRATION FOR
PROFESSIONAL ENGINEERS AND LAND SURVEYORS**

Case #2008-33, in the matter of Dean Lewis Purdy:

COMPLAINT

The Arkansas Board of Registration for Professional Engineers and Land Surveyors (hereinafter "the Board") brought a complaint on September 24, 2008, charging Dean Lewis Purdy (non-registrant, hereinafter "Purdy") with the practice of, or offer to practice, engineering in Arkansas without registration.

FINDINGS OF FACT

1. Purdy is not now, nor has he ever been, registered as a Professional Engineer in Arkansas.
2. On 7/21/08, the Board received an application from Purdy for Professional Engineering registration by reciprocity.
3. When the application was reviewed by the Board on 9/9/08, Purdy's statements in the "NOTICE" indicated he had certainly offered to practice engineering, and probably practiced engineering, in Arkansas.
4. Purdy's firm, TLCP, Inc, held/holds Certificate of Authorization #1801 in Arkansas. The engineer of record for the firm was/is James Tribolet (AR-PE #9568).

CONCLUSIONS OF LAW

Upon review of the evidence in its possession, the Board finds the allegation of unregistered practice and/or offer to practice engineering to be unsupported by the Findings of Fact outlined above.

ORDER

Based on these findings, the complaint against Purdy is dismissed without further action by the Board.

SO ORDERED this 13th day of January, 2009
